

UNO TOUCH BUILT FOR MOBILITY

The UNO Touch is a robust, lightweight speech generating device for people with communication disabilities.

Don't miss out on the conversation, the UNO Touch allows the user to communicate on the go using a combination of software and intuitive controls.

Control Bionics offers a suite of dedicated speech generating devices and accessories to give people living with complex communication and physical needs their voice.

Our product range is more intuitive and flexible than ever.

EASY CONTROL

Adjust the settings based on individual needs with control in the palm of their hand.

BATTERY LIFE

Don't miss the conversation, the UNO Touch battery lasts 8 hours from full charge.

ACCESSORIES

Customise the device with accessories so the client gets exactly what they need and nothing they don't.

COMMUNICATION SOFTWARE

Gives the user tools to express themselves and communicate independently.

FUNDING OPTIONS

Get the device your client needs, fully funded. We're a registered NDIS provider.

24/7 SUPPORT

You and your clients will always have a resource to help with the device.

BUILT FOR MOBILITY

Designed to be easy to use in a variety of situations, the UNO Touch comes with a detachable external wireless speaker and a shoulder strap.

The speaker volume, screen brightness, and other settings can be easily controlled from the main screen.

With the UNO Touch, gain access to a variety of software solutions depending on the needs of the user, ranging anywhere from only symbols all the way to individual letters.

UPGRADEABLE OPTION

Start with the UNO Touch and upgrade to the NeuroNode Trilogy with the addition of a NeuroNode and eye gaze camera. Whether the condition changes or access methods need improvement, it's a simple upgrade to the NeuroNode Trilogy. The UNO Touch gives the client the flexibility to add a NeuroNode if needed in the future.

STANDARD CONFIGURATION

The Uno Touch is offered with a Windows Surface Pro tablet. This is our standard offering and is highly recommended.

OTHER CONFIGURATIONS

The UNO Touch is available using an Apple iPad device. Powerful. Easy to use. Versatile. The new iPad is designed for all the things the user loves to do. Work, play, create, learn, stay connected, and more. All at an incredible value.

The UNO Touch is available using a Windows Surface Go. The most portable Surface touchscreen 2-in-1 is perfect for utilising communication software all day.
